The Classic Collection

Introducing the Classic Collection...

The Huntington Homes Classic Collection is a suite of high-quality products, designed to bring timeless style and reliable performance to your home.

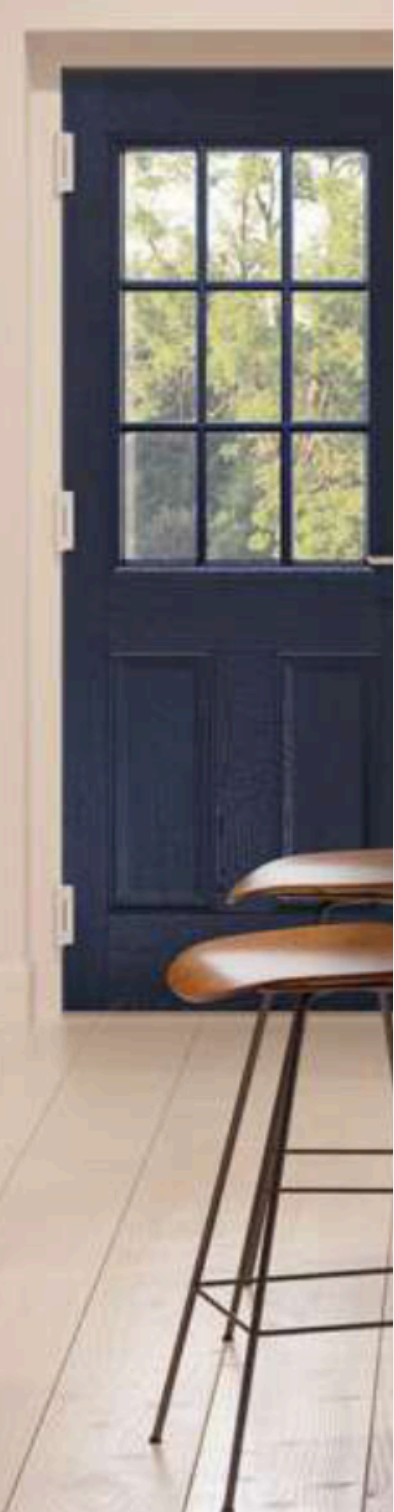

At Huntington Homes, we believe a door is more than just an entrance—it's the finishing touch that brings a home together. Our Classic Collection is a beautifully crafted and expertly executed range, selected for its durability and aesthetic appeal.

We've removed the complexity often found in home improvements by offering this entire collection at a single, transparent price. For £995, we provide a complete, stress-free experience: from the initial supply of your chosen style to the final professional installation by our dedicated team.

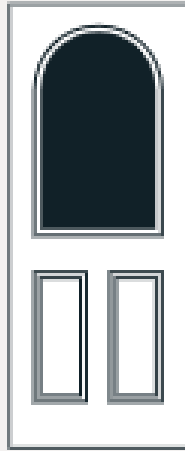

In addition to being visually stunning, our doors are built to meet your stylistic and practical needs. Whether you are looking for a fresh update for a modern build or a sympathetic addition to a period cottage, the Classic Collection is guaranteed to change the way you interact with your home.

To many, it's just a renovation. But at Huntington Homes, we know it's about creating a space you can enjoy like never before. With one fixed price, no hidden extras, and expert fitting included, your perfect home update is now simpler than ever.

Enhanced Security

We go beyond mere functionality; we prioritise your safety and peace of mind. Choose from our enhanced security options and experience a new standard of protection for your home.

Secure Guarantee (on Ultion Locks)

In the unlikely event that you're burgled and the intruder gains entry by snapping the Ultion cylinder you'll get a £5000 compensation and the door repaired or replaced. Activate your guarantee together for free at www.door-stop-doors.co.uk.

Ultion Sold Secure Diamond Option

The Ultion cylinder has passed all major British standards test for security without the need for cylinder protectors or extra secure door handles. These tests include the highest TS007 standard (3 star) and the extended Sold Secure Diamond test, which is more rigorous and designed by the Master Locksmith Association.

Yale Platinum

Approved to TS007, the Platinum 3 Star cylinder is endorsed by the Police Secured by Design scheme and provides several separate lines of defence - Anti-Snap, Anti-Pick, Anti-Bump, Anti-Screw, Anti-Pull and Anti-Drill - for optimum security.

Avocet

The ABS (Avocet Break Secure) lock is a high-security euro-cylinder used in police and council crime prevention programs. The lock is an easy upgrade from standard euro cylinders and has immediate snap-secure protection to help prevent break ins.

Police Recognised - Secured by Design

If anyone knows about security, it's the Police. Our Secured by Design option meets their national standard for safer homes. It's recognised by many insurance companies. So as well as enjoying an added sense of safety, you could get a discount on your home insurance cover, too.

The Classic Collection

Everything you need, included in one price.

At Huntington Homes, we want your experience to be as smooth as the finish on your new door. Our Classic Range is designed to provide high-end quality with zero guesswork.
